I Paul McCrath do solemnly declare

*Paul
McCrath*

To whom it may concern

I am a businessman involved in the sale of heavy trucks, plant and equipment for some forty years. I have know Mr Roy Ruffle for at least twenty five years or more. We have dealt with each other many times over these years, and I have visited his premises at the rear of 132 Havant Road on numerous occasions to deliver or collect vehicles or to leave for repair or storage. Having viewed the site plan showed to me , I can confirm I have parked vehicles in the areas marked on the map, for Hayling Truck centre to deal with on my behalf. I was always aware of the commercial activity on the site and observed its constant use as industrial premises with various storage, repairs, truck building, being carried out .I have noted the full use of the site during these occasions when on site and which as a businessman myself was a pleasure to see ,small industries growing and providing work and employment.

I MAKE THIS SOLEMN DECLARATION conscientiously believing the same to be true and by virtue of the Statutory Declarations Act 1835
