Hello Karen

Please find attached as requested

1- site block plan highlighting our shop (highlighted in blue) and both separated and attached buildings and what they are

- our parking for the shop both the three spaces that we will use day to day(highlighted in orange) and the spaces that we have been given use of at a weekend (highlighted in green).

2- floor plan of the inside of the shop showing rooms and partitioning wall and note on plan stating that there will be no changes in any way shape or form to the inside of the building.

3-photographs of the front of the shop. PLEASE NOTE: There will be no changes made to the elevation of either our unit or the attached building next door, all exterior elevation will remain as per photo.

4- SUPPORTING STATEMENT-

Due to the increasing growth and success of our small family run business we are having to move to not only a larger location but one in which we hope to set down some long lasting roots.

After doing lots of research into local businesses we chose to apply for this unit on Hayling island as not only are we a greatly respected and established business but will be the only fully equipped tattoo studio on the island making us unique to the area, during our short time of applying and having access to the shop we having created a substantial and very positive buzz on the island with lots and lots of personal visits from locals asking when we are opening.

As we have a very large database of regular clients and my partner being an award winning and nationally recognised personality in the industry we are in no doubt that we will bring not only area recognition but lots of trade and awareness to the surrounding businesses and to the island itself.

This said I am of no doubt that we will be a successful addition to the island and therefore would urge all concerned to pass our application and allow our great reputation and successful business come to the area.

I hope this is all you need and please dont hesitate to contact me if required

yours faithfully

Pete McLachlan
