Observations / Comments:

Good morning Heather,
I have been asked to comment on this application. I have read the information and sought further details from Richard Wood, Senior Leisure Officer.

From my discussion with Richard and extra information relevant to this site. I am satisfied that the impact of the proposed site will be minimal on neighbouring properties and residents.

I have therefore no adverse comments.

I will forward you Richards comprehensive email explaining and providing further information. As long as the site is operated within those parameters, all should be fine.

I hope this helps but please do not hesitate to contact me if you wish to discuss any issues.

Kind regards

Laurent
