Landscape comments regarding APP/14/00568 Land west of Wade Lane, Havant

There is insufficient detail regarding the existing hedgerow and trees to properly consider whether the proposed stables will have detrimental impact upon the existing visual amenity.

Similarly, there is insufficient detail regarding any proposed planting or existing vegetation enhancement / management proposals for screening mentioned within the design and access statement.

Suggest that a tree / vegetation survey (to BS 5837) is undertaken and that landscape enhancement / maintenance proposals are developed to address the survey findings.

Kind Regards,

Michelle Good CMLI
