5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

TPO 1265 dated Dec '85

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

one silver Birch (*Betula pendula*) in the garden near the house & road way. The TPO 1265 is dated Dec 1985. The tree is very large and old - over 80 yrs & reaching its natural life span. I would like to fell this tree & replace with a smaller, ornamental garden tree.

7. Identification Of Tree(s) And Description Of Works continued ...

I'm a new owner (house purchased this yr) & previous tree pruning hasn't been done professionally leaving areas where rot is established. The tree is approx. 15-20 metres tall & has four trunks. I've done some research as to the age of the tree & I believe is at least 50yrs old but could be 80yrs & I'm concerned that pruning an old silver birch will need to be repeated & I'd rather fell an old, unhealthy ^{tree} & plant a new, more practical tree suitable for the size of the garden. The neighbour told me you had previously allowed this tree to be felled !?

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.
