Dear Sir

**Proposal: Raising of roof height to provide first floor living accommodation;
two storey front extension; single storey rear extension; detached double
garage to front.**

Site: 100 Hulbert Road, Havant, PO9 3TG.

APP/15/00356

Thank you for your letter of 01/05/2015

It appears that the developer is intending to build over/close to a public sewer which is crossing the site. Building over/close a "public sewer" is not normally permitted by Southern Water.

However, under certain circumstances building over/close a sewer may be allowed. The conditions associated with the buildover/close to a sewer are contained in Southern Water guidance notes which are available at: www.southernwater.co.uk. A formal application to build close to the sewer will required to be submitted by the applicant

Due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site. The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Southern Water requires a formal application for a new connection to the public foul and surface water sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development, Please contact Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Yours sincerely
