Dear Steve

Re: Joint WoW MDA Committee Meeting 28/11/2014

The above meeting was held to determine application 14/01935/REM for a Nursing Home alongside application 14/02215/FUL (WCC)/APP/14/00854 (HBC) – Extra Care Home. Members discussed the access issues relating to the site and as a result requested officers to write to HCC asking for consideration be given to delay the closure of Sickle Way.

The minute for the meeting requested the following action:

'the Committee writing to the County Council requesting they delay the closure of Sickle Way'

Sickle Way was originally planned to be bollarded off just pass the rear access to the frontage flats 'prior occupation 200 residential units on site' (S106). However, in conjunction with HCC Highways officers it was agreed that because of the limited road network on site and continuing construction with its associated traffic, this was not feasible.

Although not part of the minute of the referenced meeting, the discussion was to leave Sickle Way open until the Spine Road** (through to the southern MDA) is fully opened, target date autumn 2015.

I would be grateful if you could give this proposal your consideration at the earliest opportunity, and let me know your views so that I can pass them back to members of the WoW Joint Committee.

If you have any further queries please contact the case officer, whose details are at the top of this letter.
