Subject: RE: Market Parade, Havant

Good morning Stefanie, you are correct I am development engineer at Havant.

My comments on the car parking layout are

- Tandem spaces are not recommended because of the manoeuvring required to “release” the front car.
- The positioning of car parking at the bottom of the ramp will result in danger with cars reversing out of spaces while vehicle are exiting/arriving by means of the ramp.

I would suggest any car parking layout submitted as part of a planning application layout ramp should include swept vehicle paths.

Your travel plan/statement will need to justify the amount of parking and your detailed drawings of the underground parking will need to show the engineering detail of the design i.e. is it possible to economically build a basement in this high water/natural springs area, is it possible to design ramps to the correct gradients, what barrier/ entrance controls will there be and what sight lines are available for emerging traffic with regard to pedestrians and vehicles on North Street?

The servicing of the building is all from the public highway which has existing parking spaces. My concern is the difficulty of servicing the retail unit and also the “vehicular servicing” of the occupants of the flats that do not have cars with particular reference to dropping off and picking up of young children with an accompanying parent.

I notice that all the servicing doors open over the highway and this is not acceptable.

Subject: Market Parade, Havant

Good afternoon Peter,

I was given your contact details by Robert Neave of Hampshire CC and I understand that you are local highways officer for Havant. Our client is looking to re-development a site on market Parade in Havant and we are in the process of undertaking the TA. The development proposals are currently for around 130 dwellings plus small commercial units at ground floor level, with a total of 58 parking spaces for the residential units provided.

I believe that Havant BC deal with the site layout, and so I have attached an initial layout for your review. The intention is to submit an outline application within the next couple of months and on this basis the layout is clearly a draft. Please note that parking will be provided within a basement car park, whilst the majority of cycle parking, and possibly all, will be provided at ground level. A small number of car parking spaces are proposed as "tandem" spaces.

I have attached the basement and ground floor layouts for your review and would be grateful if you would provide your comments as soon as possible so we can review the layout if required. Please do not hesitate to contact me should you wish to discuss this, otherwise I look forward to receiving your comments in due course.

Rob / Mark,

Further to my phone conversation with Rob a couple of weeks ago we have now received the traffic survey data and have had a chance for an initial review of this. The car parking surveys have just been carried out however we do not yet have the results. During our first pre app meeting in May we discussed the junctions to be assessed as part of our TA as well as the potential trip rates to be used for the assessment. I would like to take this opportunity to provide further information about the required assessments in the TA, and set out a summary of the TA chapters as well as further information on the proposed trip generation, junction capacity assessments and parking.

- **Policy background** – local and national policy context
- **Existing conditions** – local highway network, pedestrian, cyclist and public transport provision, local facilities
- **Development proposals** - setting out details of the development including number of dwellings, GFA of commercial element and number of parking spaces and servicing layout
- **Trip generation** – the proposed development consists of around 130 residential dwellings (private and affordable flats) as well as some ground floor retail space. The existing and proposed retail space as well as residential units are shown below:

Commercial (sqm GFA)			Residential (dwellings)		
Existing	Proposed	Net increase	Existing	Proposed	Net increase
516	1170	654	14	130	116

Current proposals for the commercial element are for 6 small retail units which are not expected to generate any significant amount of traffic but are rather expected to be used by the shoppers already in the town centre. It is acknowledged that some staff members are likely to travel to the site by car; however, typically they do not travel during peak hours.

Residential trip rates have been obtained from the TRICS database for private flats in “town centre” and “edge of town centre” sites in England. This is considered to represent a robust case as the development proposals will include an element of affordable flats which typically have a lower trip generation than private flats. I have attached the proposed trip generation for your information. Based on a net increase in 116 flats as set out above the proposed development is likely to generate an **additional 27 trips during the AM peak hour and an additional 24 trips during the PM peak hour**.

- **Development Impact** – Further to our discussions the development impact is likely to be two-fold: the impact on junction capacity during weekday peak hours and the impact on parking provision within the town centre at weekends and in the evenings.
 - Junction capacity – our initial review of the traffic survey data, combined with the potential trip generation of the proposed development suggests increases in traffic flows through each junction of well below 5%, assuming that all traffic travels through each junction, which will clearly not be the case. A change in traffic flows of the level shown here is within typical daily variations and we

therefore consider that no junction assessments will be required. A summary of our initial review is shown below:

Junction	observed AM Peak Flows (0800- 0900)	Percentage Increase (AM peak) based on 27 trips)	observed PM Peak flows (1700- 1800)	Perce Incre (PM p (base 24 tr
North Street / Elm Lane	995	3%	929	3%
Park Road North / Elm Lane / Park Road South / Park Way	2663	1%	2935	1%
North Street / East Street / South Street / West Street	821	3%	715	3%

- Parking impact – We have commissioned and undertaken car parking surveys at the public car parks (HBC car parks only) and on street parking in the vicinity of the site during weekday evenings and weekends which we will evaluate to assess the potential development impact on car parking within the town centre.

- **Summary and Conclusions**

I trust that you will agree that the above represents a robust approach to the assessment of the proposed development impact. However, should you have any further queries or comments please do not hesitate to contact me by email or on the number below. In the meantime we will progress with our assessment on the basis of the above.

Introduction

February 2015 Edition

This Travel Guide has been produced to provide you with information on the range of transport choices available in your area. It includes details of all bus, train, coach and other types of transport.

Before you go . . .

Please note that bus times may change at short notice and if your journey time is critical you are advised to call Traveline on 0871 200 22 33.

How to Find the Bus you Need

The 'Index of Places Served' will show you which routes serve the places you wish to travel to. Many services have different timetables for weekends and evenings, check carefully for the time you wish to travel.

Catching the Bus

Please arrive at the bus stop with a few minutes to spare and signal clearly by raising your arm when your bus approaches. Have a selection of change or your pass ready when you board and hold on tight until you are in your seat. Ask the driver if you wish to be seated before the bus moves off. When you wish to get off, ring the bell in good time.

Public or Bank Holidays

Most bus or train operators run Sunday or special services on Public or Bank Holidays, including other days around Christmas and New Year. Check with the bus/train operator before you go or call Traveline.

General Enquiries

Traveline can provide you with details of journey times. For ticket and fare information contact the operator who runs the service.

Timetable Changes

Bus companies can change their services at short notice. This Travel Guide is up to date at the time of going to print, but changes may occur from the publication date. If in doubt please check with Traveline.

Hampshire County Council's Role

The County Council produces travel guides in order to provide you with travel information. We try our best to make sure this guide is correct. If you spot a mistake please let us know. The bus services shown are not operated by Hampshire County Council. We cannot accept responsibility for any loss, damage, injury or inconvenience caused by the cancellation, delay or diversion of a service.

Suggestions and Complaints

If you have a suggestion or complaint to make about a service please contact the operator. Should the operator fail to provide a satisfactory reply, then contact Bus Users UK or Passenger Focus. If it is a bus service supported by the County Council (identifiable by a  on the timetable) we would also like to hear from you. Write to: Head of Passenger Transport, Hampshire County Council, Economy, Transport & Environment Department, 48-52 Capital House, Andover Road, Winchester, Hants, SO23 7BH.

Summary of Main Changes

21 (Portsmouth – Farlington – Havant)

Most evening journeys withdrawn between Farlington (Rectory Avenue) and Havant, including on Sundays.

27 (Rowlands Castle – Havant – Emsworth – Southbourne)

This service will be revised into two separate routes, numbered 27 (Rowlands Castle - Leigh Park – Havant – Warblington – Denvilles - Emsworth) to be operated by First under contract to Hampshire County Council, every 2 hours on Mondays to Saturdays, and 28 (Havant – Emsworth - Southbourne), to be operated commercially by Emsworth & District, hourly, also on Mondays to Saturdays.

Journeys between Southbourne, Emsworth, Havant and Horndean Community School will continue to be provided by Emsworth & District but will now be numbered 28A.

30/31 (Havant – Hayling Island)

Late evening journeys withdrawn (the last departures on Mondays to Saturdays will be at 2045 from Havant, and 2110 from Hayling Island, while on Sundays last buses will leave at 1755 from Havant, 1818 from Hayling Island).

36A (Hampshire Farm – Emsworth – Havant – ASDA – QA Hospital)

This separate service is withdrawn, with most journeys still possible using alternative services including 27, 28 and 700 between Emsworth and Havant, and other routes between Havant, ASDA and QA Hospital.

37 (Havant – Petersfield)

Minor adjustments only to tie in with the withdrawal of Saturday journeys on route 38.

38 (Petersfield – Alton)

Saturday service withdrawn.

School services:

Oaklands School, Purbrook and St Thomas More's Primary School, Havant:

Current route 627 (Rowland's Castle-Oaklands School) and the morning bus of route 605 (Emsworth-St Thomas More School) are withdrawn.

A new route 646 Emsworth (Horndean Road, Jingles Hotel)-Denvilles-Rowlands Castle-Havant-Oaklands School will be introduced, also serving St Thomas More's School in the mornings only, but route 605 will continue to run in the afternoons – the latter will now also terminates at Horndean Road (Jingles Hotel).

Mill Rythe & Mengham Schools, Hayling Island:

Routes 629 (Northney - Mill Rythe Schools), 634 & 638 (North Hayling or Beachlands - Mengham Infant & Junior Schools) will be withdrawn in their present form.

New service 645 will run between Fishery Lane, Eastoke, Sandy Point, Beachlands, Mill Rythe School and Mengham Infant & Junior Schools.

Havant College:

On route 639 (Clanfield - Havant College), the 0855 bus from Clanfield will no longer run, but there is no change to other journeys on this route.

Other Transport Services Available

Voluntary Organisations providing Transport

A number of voluntary organisations in Havant provide transport for individuals. Passengers will generally be asked to contribute towards the cost of this transport, although rates will vary between organisations. For further information please telephone Hampshire County Council on 0300 555 1388*.

What is it?

Call & Go is a bookable bus service which can take you where you need to go in the Havant Borough plus Horndean, Clartfield and Rowlands Castle. Anyone whose travel needs are not met by public bus services can use Call & Go.

Fares are similar to normal bus fares. You can use Call & Go to get to shops, health centres, visit friends and relatives or leisure centres and you can even go into

Portsmouth. You can travel on Call & Go Monday/Tuesday/Wednesday/Friday between 8.30am and 4.30pm and on Saturday from 8.30am to 4pm.

If you'd like to arrange a journey, or would like to know a bit more about the service, simply call the Travel Centre on 0845 602 4135 between 9am-5pm Mondays to Fridays, or 9am-4.30pm Saturdays. Calls are charged at local rate and our friendly staff will arrange everything for you.

For more information please contact 0845 602 4135

Havant Call & Go is operated by HCCS Community Action.

Denmead Village Shopper Buses

Denmead to Fareham - This service is operated by Community Transport for East Hampshire and runs fortnightly on the second and fourth Monday mornings of each month. The cost of a return journey is £2.50.

Denmead to Waterlooville - Also operated by Community Transport for East Hampshire and runs fortnightly on first and third Friday mornings of each month. The cost of a return journey is £2.50. All passengers must initially register with Community Transport for East Hampshire to use these services and also to book a seat. Both services are wheelchair accessible and are available to the whole community. Passengers will be collected from their front door or a convenient nearby collection point.

To book please ring 01420 475759 between 9-4pm.

Answerphone available

Shoppmobility

The Havant Shoppmobility scheme provides manual wheelchairs and electric scooters for hire to enable people with mobility problems to access local shops and facilities. The scheme provides daily, holiday and long-term hire of the wheelchairs and scooters and operates between 10am-2pm Monday, Tuesday, Wednesday and Friday.
