SECTION 1B Designated Sites and Priority Habitat

Assessments ONLY for proposals that could potentially have an effect on a designated site or priority habitat (answered 'yes' section 1A Qd)

If the applicant answered 'yes' to Qd Section 1A , the application must be submitted with a [Biodiversity Statement](#) which demonstrates the following:

- Extent and location of habitats and features that could be affected
 - Likely impacts to designations/priority habitat
 - How alternative designs and locations have been considered
 - How adverse impacts will be avoided
 - How any unavoidable impacts will be mitigated⁶ or reduced
 - How impacts that cannot be avoided or mitigated⁶, will be compensated⁷
 - Any proposals for enhancements of biodiversity (this is particularly relevant and desired for Major Developments⁸ and other large developments)
-
- Any Protected Species statements required as indicated by section 2A/B should be integrated within the biodiversity statement
 - These reports may form part of a wider Environmental Impact Assessment
 - Reports may not be required where applicants are able to provide pre-application correspondence from Natural England which confirms that they are satisfied that the proposal will not have an adverse impact on any **SAC, SPA, SSSI OR RAMSAR**
 - Reports may not be required where applicants are able to provide pre-application correspondence from the Local Authority which confirms that they are satisfied that the proposal will not have an adverse impact on any **SINC or PRIORITY HABITAT**

NOW PLEASE COMPLETE SECTION 2 (if not already complete)

⁷ Compensation = measures which counterbalance the impacts, amending damage or loss

⁸ A major application = more than 10 units, more than 0.5 Ha, or more than 1000m² floor area in non-residential development
