Sally,

Please find attached the completed the CIL Additional Information form.

I can clarify that the existing GIA of the building should be 193sqm with the proposed (inc roof space) being 201sqm – an addition of 8sqm in GIA.

Existing GIA is 193sqm  
Proposed addition of 22sqm in the roof space  
But demolishing 12sqm of rear extension  
Giving a proposed GIA of 201sqm (an addition of 8 sqm).

The application form says 179sqm for proposed which is an error as it doesn't count the approx. 22sqm of converted roof space.

Hope this clarifies this matter.

Regards,
