Date

27/08/2015

Dear Sirs,

Proposal: Extend garage to north elevation and add first floor with balcony area and external staircase, to provide ancillary leisure space.

Site: 3 Havant Road, Hayling Island, PO11 0PR.

APP/15/00815

Thank you for your letter of 07/08/2015.

Southern Water requires a formal application for any new connection to the public foul and surface water sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development, please contact Southern Water, Sparrowgrove House Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Please find attached a plan of the sewer records showing the approximate position of a public foul sewer in the within the site.

If applicant proposes to construct a new swimming pool, clearance of 3 metres either side of the centreline of the public sewer would be required and all existing infrastructure should be protected during the course of construction works, no new soakaways should be located within 5 metres of a public sewer, no new tree planting should be located within 3 metres either side of the centreline of the public sewer.

Southern Water will usually refuse approval in respect of the construction of new buildings close to public sewers, but approval may be granted in some cases for extensions to existing buildings. The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

Due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Southern Water, Sparrowgrove House, Sparrowgrove, Otterbourne, Hampshire SO21 2SW (Tel: 0330 303 0119) or www.southernwater.co.uk".

The application contains a proposal for a swimming pool for private use. If the pool produces filter backwash water this would need to be discharged to the public foul sewer. The rate and times of discharge of this water to the sewer, and discharge of the contents of the pool (if these need to be drained to the sewer), would have to be agreed with Southern Water. The applicant is advised to discuss the matter further with Southern Water's Trade Effluent Inspectors. Please see <https://www.southernwater.co.uk/BusinessCustomers/wasteServices/tradeEffluent/> for further information.

Yours sincerely
