Good afternoon Sally,

I have looked at the discharged of conditions 12 and 14.

Condition 12, Construction Management Plan for Langstone View, Portsdown Hill, Bedhampton
I have no major issue with the content of this document as long as it is implemented. However, in paragraph 7 "Hours of Work on Site" there is no mentions to recognised public holidays. I would request that recognised public holidays are treated as Sundays in terms of hours that is to say "No works taking place"

Condition 14;

The plan shows the approximate locations of the light posts throughout the site, but no information, that I could see, indicate the luminosity, direction, any reflective/directional hood fitted to the lantern. Further I am not sure if further lighting will be used to illuminate buildings, signage, light enhancing features etc... If you have more information to the lighting scheme, I should be grateful to receive it.

I hope this helps

Kind regards

Laurent
