Dear Andrew Biltcliffe.

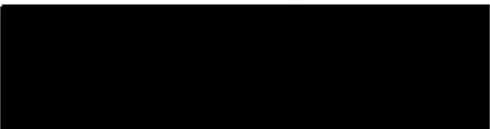

Re Site Address: 17 Auriol Drive, Havant, PO9 3LR

Further to your letter dated 31 July 2015, I note that the owners of the above property would like to keep the front gable end.

The back of that house is what we can see from our house, not the front.

During the high windy weather we had recently, I did notice that the covering of the flat roof at the rear of the house had started to loosen and flap around. I consider it an unsafe structure and dangerous to surrounding properties and should be checked expertly before more high winds and winter arrives.

Yours sincerely

C E Walker
