Dear Aaron,

**RE: Manor Farm & Nursery Fields, Denvilles – Contamination Conditions
28 (Manor) and 29 (Nursery) Ref: APP/12/01222.**

Further to the meeting held with Steve Weaver, Johnathon Driver and our specialist consultant Dominic Brightman on the 21st of August, please find enclosed documentation regarding the *successful remediation of any* contamination at Manor Farm & Nursery Fields, Denvilles.

We would request part discharge for both conditions 28 and 29 in relation to all plots on both sites which are now deemed unaffected with the exception of the following plots; 1, 2, 3, 57 & 58.

Our compounds for both developments sit on these plots and as agreed with Johnathon we will carry out testing and any prevention as necessary when we start construction on these plots.

Please also find enclosed a cheque for the sum of £97.00 to cover the submission.

Should you have any concerns regarding this please do not hesitate to contact me.

Yours sincerely,

Adam Goddard
