

APP/14/01164

Manor Farm, Manor Road, Hayling Island

I commented on a similar proposal at pre-app (ref GEN/14/0877) when my comments were. "I have looked at this proposal from the entrance to the farm and West Lane. The solar array is sited a considerable distance from the historic (listed) farm buildings and has the benefit of intermediate screening. I do not therefore consider it will have a material impact on the setting of the listed buildings." Based on a desktop assessment of the current proposal my view remains the same.
