Dear Sally

**Re: North Street Arcade, Havant**

Further to your recent email I respond with notes under your text headings.

Q: Please could you provide a statement as to how the proposals have been amended and list which plans are to be associated with which application – planning or advert? I appreciate some plans will be for both. I notice the adverts have changed so please provide an updated schedule of number, type, size, illumination and materials as requested on the advertisement form.

- Please find updated drawings for your reference

**Advert Applications Drawings AP-14-01307 (advert)**

1300, 1301, 1302

Main changes are:

Addition of colours.

Reduction in size of some signs

**Main Application Drawings AP-14-01306 (cu)**

1200D, 1201D, 1202A, 1206A, 1300C, 1301D, 1302D, 1500B,

Main changes are:

Softening of planter/end stall riser to covered area.

Ventilation plant and duct moved to higher roof and central arcade

Entrance door moved

Q: Please can you advise if you have had involvement of Laurent, or someone else, from environmental health in drawing up your changes.

- We advise no involvement yet

Q: I also recall that I requested other information such as marketing information and a suggested menu. I will need to check if there is anything else. I will do this when updating the files once I have heard back from you.

- Have already emailed to advise that menu is not yet resolved.
- We have previously submitted by email justification for use of the under-croft but hard copy attached.

I hope this meets with your approval.

Regards
