

APP/14/00780 66 Bath Road, Emsworth, PO10 7ES Repair and raise sea boundary walls
and new low wall/replacement gates. Within 50m Protected/Notable Species
West European Hedgehog, Common Greenshank, Black-headed Gull

Hi Stephen

This was flagged to me by HBIC, and I can see the ecologists repose-I have no issues to raise regarding the ecological issues as long as the method statement is followed to avoid any contamination.

I do have one query in that the current wall is visually softened by the existing planting (some of which I assume will be removed as part of the construction) , and the new wall being much higher, will not attain this unless new planting of a suitable nature be added. Can we request planting details?

Thanks

Kind Regards
