

Heritage & Planning Statement

Application for Advertisement Consent & Listed Building Consent for additional replacement external signage & lighting at : The **Royal Oak at Langstone Havent**

Description

Grade 2 Listed building

Public House. Early C19. Painted brick, with a tile roof. 2 storeys and attic, 3.3 windows (some blank upper windows). Casements: 2 ground floor sashes.

Circa 1950

2012

Our Client (Greene King) are planning to invest in the ongoing upkeep and preservation of this building , carrying out internal and external re-decorations in line with their Brand standards & design guidelines for Old English Inns .

This attitude and thought process was used to design and consider the signage elements , replacing on a “like for like” basis with a few additional signs but firstly considering the impact on the building and attempting to design minimal yet effective signage without having a detrimental effect.

Conclusion

I hope that you will agree that the signage and lighting is minimal and has been carefully considered from it's design (including the external decorations) to preserve and enhance the special character of this Listed Building and indeed the local environment of Stockbridge
