5th February 2014

Dear Mr Eaves

Re: Proposed Change of Use to Dwelling
62 Bedhampton Road, Havant

Further to our site meeting on 31st January 2014 please find enclosed a plan showing the proposed arrangements for the patio in connection with the reinstatement of residential use for the above property. The plan also shows the proposed means of escape in case of fire from the adjoining garage.

My client will apply for planning permission for the erection of the shed following the determination of the Prior Approval Notice under Part 3 of the Town and County Planning (General Permitted Development) Order 1995 as amended by the Town and County Planning (General Permitted Development) (Amendment) (England) Order 2013.

If I can be of any further assistance please let me know.

Yours sincerely

B W Bateman
