Dear [redacted],

Ref APP/14/01220, 14 Trosnant Road.

Thank you for forwarding the letter to me as requested. I wish to register a comment regarding condition 4 as this directly affects the side of the wall in my garden. Having endured the build from October 2014 I am not prepared to endure further inconvenience. Therefore I am not prepared to await a decision on the painting of the wall (a further 3 months of indecision while I suffer the outcome) and will be fixing a trellis onto the bare block wall so that my plants can be re-established

Yours sincerely,
