Re TPO'd tree - Rear of 12 Kempton Park, Waterlooville, PO7 8NN

Please find enclosed an application submitted on behalf of Mr Peter Silvester to have the above tree, which is located immediately to the rear of his property at 31 Cardinal Drive, felled. In support of the application I enclose two letters from the owners of the properties 12 and 14 Kempton Park, together with a sketch plan showing the location of the tree in relation to immediately surrounding properties.

As stated, the main reason to seek to have the tree felled is that its continuing root growth in recent years has resulted in the floor of the nearby garage/workshop being damaged by 'heave'. The extent of the damage can be clearly seen at an inspection which can be arranged with prior notice.

If you require further information please advise.

Your faithfully,

A large black rectangular redaction box covering the signature area. A handwritten mark, possibly a checkmark or the letter 'A', is visible above the box.
