Mrs Sally Smith,

Please find physical samples of both the tile and brick we wish to use in our planning application.

Apologies for this not being with you sooner and also the tile not being the accurate colour of what we plan to use. We have had difficulty sourcing a single roof tile in the correct colour (brown rather than red) to give you as a physical sample. This is however the correct style and make of tile.

We wish to use brown rather than red to ensure best match with our existing roof tiles.

I would like to call you on Monday once you are back in the office to explain in person and discuss if needed.

Tiles: Redland Renown (in brown)
Brick: Heathers

Please find the additional £28 enclosed
also.

Many Thanks,

Mrs Julia Spencey
