

Arboricultural implications statement

Prepared by MELOYarchitects

Proposed replacement dwelling at 3 Swans Walk

Location: 3 Swans Walk, Hayling Island, PO11 9TX

Ref: PA/133

Issue date: 18.05.15

The trees on the above application are restricted to the foot of the garden adjacent to My Lords Pond. It is understood these tree's are subject to TPO's.

During the works there will be no access to foot of the garden as it is proposed that Heras style fencing or similar restricts access into the garden whilst providing some degree of security from access via the foreshore. The proposed location of the Heras fencing is shown on the attached site survey plan.

It is suggested this protection can be ensured by way of a condition.
