

This architectural elevation drawing shows a single-story house with a gabled roof. The roof is covered in a dense pattern of small, dark, overlapping shapes representing tiles. A central chimney is visible on the roofline. The walls are constructed from a brick pattern. The front facade features a central entrance with a white door and a small window above it. On either side of the entrance are large, multi-paned windows. The drawing is a black and white line art representation.
