Dear Mrs D Haywood,

Thank you for sending us planning application APP/14/00672.

HSE is a statutory consultee on relevant developments within the consultation distance of a major hazard site or a major accident hazard pipeline. Planning authorities should use PADHI+, HSE's on-line software decision support tool, to consult HSE on such applications and produce a letter confirming HSE's advice.

Therefore, please use PADHI+ for advice on this planning application.

To help planning authorities to use PADHI+, a User Guide has been produced, which is available at <http://www.hse.gov.uk/landuseplanning/padhi/index.htm>. It provides information and advice on HSE's role in land use planning and how to use PADHI+, along with several video examples of planning applications being put through PADHI+, showing how it should be used to obtain HSE's advice in each case. If you need any assistance with using the PADHI+ please feel free to contact us on padhisupport@hsl.gsi.gov.uk or telephone 01298218159.

There is also further information on HSE's land use planning and when to consult PADHI+ can be found here: www.hse.gov.uk/landuseplanning/padhi.pdf
