Dear Sir/Madam,

Installation of generator compound at land at Harts Farm Way, Havant

Thank you for consulting County Planning at Hampshire County Council on the above application (APP/14/00800). As the Minerals and Waste Planning Authority for the Havant Borough, we have the following comments to make.

Although the proposed site is located in close proximity to existing safeguarded minerals and waste sites, this development is not likely to have a detrimental impact on these and we therefore raise no objection to this application.

Yours faithfully,

Lewis Smith
Assistant Project Officer
