REPLY:			
From: WCC Landscape	To: Mrs Jill Lee , DC 2_STH TEAM		
Observations: Soft landscape details have been submitted by RPS (detailed soft landscape plans 501/502/503) with an accompanying 'Soft landscape Specification & Planting Schedule' and tree planting details. A Tetlow King 'Surface Materials Layout' has also been received. The information is considered to be satisfactory and acceptable. The only omission is the inclusion of a mixed native hedgerow all down the western edge of the development, an area which is currently shown as amenity grass, between the houses and the footpath. No objection subject to this small change being made to the plan.			
Continued over (Please tick) ☐	See attached (Please tick) ☐
