1st letter – 2nd planning application.

Att. Mrs T Pickup

We @ No. 26. For the second time would like to contest the planning application to the roofline of our attached bungalows No.26 & No.28.

As we stated the first time this is nothing to do with money valuation/ depreciation of our property, this is our home and we wish to stay here into our later years.

We have no objection to ALL the ground floor alterations, side / rear and garage that our neighbour wishes to carry out. Also, if No28 wish to make a room in the existing loft area and put velux windows in, this also would not be an issue – all we ask is to keep the roofline as it is .

This is the only set of attached bungalows of its type along St John's Avenue viewed from four directions. We feel they would be ruined by a box being put on one half of the roof line.

We struggle to understand why a bespoke set of bungalows would want to be made into a house.

We acknowledge and understand why HRH. The Prince of Wales pursues this country to keep its architectural/ building heritage – as this is what we are trying to do and preserve, keeping a beautiful set of bungalows looking as they were designed and built many years ago, and then bought as a bungalow by us and our neighbour at No. 28.

Not a house.

My wife and I are not against change or development, but the extreme change to the roofline proposed seems too far. Please see photo attached, I hope you can appreciate for we feel.

Regards Mr & Mrs Brown.
