## *Gemini*® Traditional Sandfaced Tiles

Gemini® Traditional Sandfaced tiles – for a subtle weathered finish

Ideal for use in rural or established areas where blending with traditional roof scapes is a must, the Gemini® Traditional Sandfaced roof tile is available in two colour blends.

- Traditional sandfaced appearance
- Riven texture
- Thin uneven leading edge
- Only 17.53 to 19.0 tiles per m<sup>2</sup> (60 for plain tiles)
- Hidden tile fixings
- Full range of Dry Fix systems available
- Kitemarked to BS EN 490:2002
- 60 year Product Integrity Guarantee
- Less weight per m<sup>2</sup> than plain tiles
- 40% CO<sub>2</sub> saving in manufacture compared to concrete plain tiles

Available in 2 colours

Ember Blend

Mercia Blend

# The Phalempin 17x27 Clay Plain Tile

Huguenot Clay Plain Tiles from Imerys

TILE HANGING

The 17x27 Plain Tile is a highly appealing traditional clay plain roof tile produced at Phalempin in the north of France. The mellow, textured surface combines the beautiful appearance of mature handmade tiles with affordable prices. Unique anti-capillary channels ensure enhanced performance and peace of mind at pitches as low as 30°. The Phalempin 17x27 integrates perfectly with the Imerys PV System of photovoltaic panels.

## Colours

Available in eight distinctive colours, which may be used individually or mixed on site to create your own distinctive blend. Millennium is supplied pre-mixed.

Amber (007)

Weathered (110)

Rustic Red (006)

Volcano (122)

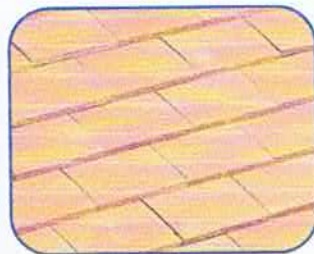

Senoise (093)

Val de Seine (104)

Millennium (132)

Natural Red  
(Special Order Only)
