What is a *TRAVEL PLAN*.....

and what can it do for you?

When your home was built, Crayfern Homes Ltd consulted with Hampshire County Council to make the development an enjoyable and environmentally friendly scheme. Crayfern Homes has made a commitment to tackle one of the biggest concerns with any new development – **traffic!**

The target is to reduce single occupancy car use by **15% over 5 years.**

Walking

How many steps do you walk in a day?

Many health and fitness experts promote wearing pedometers and taking 10,000 steps a day – approx. 5 miles – and burning off approx. 50 calories for each mile. Most people would like to improve their fitness and lose weight but can't fit this into their normal daily routine.

The best way to promote more walking is to do it as part of a daily routine:

- Walking to the shops
- Walking to work
- Walking the children to school
- Walking the dog
