Subject: RE: 38-40 Greywell Road, Havant revised drawing and noise report attac_&Jan14

Good afternoon Jenna,

Thank you for the extra info.

I have read the attachement and from what is described, all should be fine, however could we insert a condition relating to the named business hours on Para 4.1 at the proposed location please.

I assume the construction are as descibed within the report, however if these are different, it may impact on the sound absorption but not having the actual construction, I can only assume the construction descibed is as per site

I hope this helps

Kind regards

Laurent
