From: Building Control

The application has been examined under the following areas where Building Regulations may impact on the planning application. In achieving Building Regulation compliance there may be a number of design solutions available and until a Building Regulations submission has been made it is not always possible to advise what, if any, changes may be required to the design.

The following areas have been considered:

Fire Brigade Access | ✓ Solid Waste Storage | ✓ Glazing (Positions, quantities, cleaning) | ✓
Siting of building/structure | ✓ Building over public sewers | ✓ Flues | ✓ Other | ✓
