APP/14/01284

Thank you for your letter of 23/12/2014.

Southern Water would have no objections to discharge condition relating to foul drainage. An application under Section 104 (adoption) and Section 106 (connection) under the Water Industry act needs agreed and approved by Southern Water before implementing on the site.

The Council's Building Control officers/technical staff and the Environment Agency should be consulted regarding the discharge condition for surface water disposal.

Yours sincerely
