Dear Stephen

38-40 Greywell Centre, Greywell Road, Havant, PO9 5AL

I refer to the email confirmation received from you today; we are now submitting a formal application to have Condition 2 varied to reflect the correct opening hours. On our original application we proposed opening hours to be:

09:00 - 22:00	Mon - Sat
10:00 - 18:00	Sunday - Bank Holidays

But on the acoustic report which was part of the original submission - and was requested by the Environmental Health Officer at a later date - the opening hours were noted in error as:

09:00 - 18:00	Mon - Thurs
09:00 - 19:00	Fri - Sat

These incorrect hours were subsequently used to formulate Condition 2 of the planning consent. Details provided in the Acoustic Engineer's report ensure a level of sound transmission which is acceptable, (regardless of opening times) and design considerations include an acoustic separating floor and entrance lobby which both serve to further mitigate noise pollution and its effect on residents

The following information relating to this submission has been included:

- Application Form for variation of a condition
- Certificate A
- A copy of the revised Acoustic Testing Report
