

Heritage statement – 52 East Street

52 East street was first listed in July 1975 and may lie within the boundary of more than one authority. The Original building has been turned into 3 separate houses over a period.

As from the photographs provided the building is in a certain amount of decay and from our proposed works this will not change the appearance of the building in any way it will only enhance it back to its original state when it was first built.

Regards

James
