TREE CONSTRAINTS PLAN

T1 – T114 Tree numbers

BS Category of Condition

- T3 BS Condition A
- T1 BS Condition B
- T5 BS Condition C
- T2 BS Condition U

- Partial crown spread
- BS Calculated root protection areas

The root protection areas have been calculated using the formula as described in Section 4.6 in BS5833:2012. These are the Tree Constraints Plan. Where buildings exist within the proposed RPA's, it is likely that the foundations will have been affected. Foundations to walls and buildings can be developed, depending on their depth and the nature of the ground. It is recommended that a detailed site investigation, the indicated RPA circles should be a minimum of 10m from any redevelopment proposals.
