Dear Mrs Lealan,

Planning consultation: Demolition of existing detached 4 bed chalet bungalow and erection of 1no. 4 bed house with integral garage at lower ground level, rear first floor terrace and associated parking and landscaping.

Location: 78, Southwood Road, Hayling Island, PO11 9QF

Thank you for your consultation on the above dated 23 September 2014 which we received the same day.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Town and Country Planning Act 1990

Town and country Planning (General Development Procedure Order) 1995, Article 10

The Conservation of Habitats and Species Regulations 2010, regulation 61

Wildlife and Countryside Act 1981, Section 28 (G) and (I)

This application is within close proximity to the Chichester Harbour Site of Special Scientific Interest (SSSI). This site is also part of the Solent Maritime Special Area of Conservation (SAC), the Chichester and Langstone Harbours Special Protection Area (SPA) and Chichester and Langstone Harbours Ramsar Site which is a wetland of international importance under the Ramsar Convention.

Natura 2000 site – No Objection Subject to Conditions

Natural England advises your authority that the proposal is not likely to have a significant effect on the interest features for which the above SSSI/SAC/SPA/Ramsar sites are designated, either alone or in combination with other plans or projects subject to conditions to the effect of the following being attached to any permission granted:¹

- No percussive piling or works with heavy machinery (i.e. plant resulting in a noise level in excess of 69dbAmax – measured at the sensitive receptor) to be undertaken during the bird overwintering period (i.e. October to March inclusive).
 - Note: The sensitive receptor is the nearest point of the SPA or any SPA supporting habitat (e.g. high tide roosting site). In this instance the beach to the rear of the application site which is identified within the Solent Brent Goose and Waders Strategy and could be impacted by this proposal.
- All materials, equipment and machinery will be stored in a designated compound within the curtilage of the property. This is required in order to protect the adjacent SPA supporting

¹ This reply comprises our statutory consultation response under provisions of Article 20 of the Town and Country Planning (Development Management Procedure) (England) Order 2010 Regulation 61 (3) of *The Conservation of Habitats and Species Regulations (as amended)* and Section 28(I) of *the Wildlife and Countryside Act 1981 (as amended)*.

habitat.

Natural England is satisfied that, subject to the imposition of the above conditions/advice and the development being undertaken in strict accordance with the submitted proposals and the conditions set out above, these development proposals will avoid impacts upon the interest features of the Chichester Harbour SSSI.

If your Authority is minded to grant consent for this application without the conditions recommended above, we refer you to Section 28(6) of the *Wildlife and Countryside Act 1981* (as amended), specifically the duty placed upon your authority, requiring that your Authority;

- Provide notice to Natural England of the permission, and of its terms, the notice to include a statement of how (if at all) your authority has taken account of Natural England's advice; and
- Shall not grant a permission which would allow the operations to start before the end of a period of 21 days beginning with the date of that notice.

Protected species

We have not assessed this application and associated documents for impacts on protected species.

Natural England has published Standing Advice on protected species. The Standing Advice includes a habitat decision tree which provides advice to planners on deciding if there is a 'reasonable likelihood' of protected species being present. It also provides detailed advice on the protected species most often affected by development, including flow charts for individual species to enable an assessment to be made of a protected species survey and mitigation strategy.

You should apply our Standing Advice to this application as it is a material consideration in the determination of applications in the same way as any individual response received from Natural England following consultation.

The Standing Advice should not be treated as giving any indication or providing any assurance in respect of European Protected Species (EPS) that the proposed development is unlikely to affect the EPS present on the site; nor should it be interpreted as meaning that Natural England has reached any views as to whether a licence may be granted.

If you have any specific questions on aspects that are not covered by our Standing Advice for European Protected Species or have difficulty in applying it to this application please contact us with details at consultations@naturalengland.org.uk.

Local Wildlife Site

The application site falls within/adjacent to Hayling Island Beach Local Wildlife Site. These sites of county wide importance are identified by the Hampshire and Isle of Wight Wildlife Trust who should be consulted in relation to any potential impacts this application may have upon the site.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries relating to the specific advice in this letter only please contact Chelsea Hayward on 0300 060 0841. For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

Yours sincerely

Chelsea Hayward
Adviser – New Forest and Hampshire Coast
