Subject: RE: BAE (P1001)

Dear All,

Further to our discussions last week please find attached a full and robust response to the comments made by RPS. We believe that we have dealt with all matters in full and that there is no substance to any of their objections as highlighted in our response. The best thing is to let you read through this but if you require clarification of any points please let me know. It may be worth pointing out to Members that had we had sight of the objection in good time there would have been no reason to defer the committee as the issues raised have not required any further work to be undertaken and the answers are all contained in the existing work. Had RPS interpreted the late October figures correctly there would have been no point to make in respect of available expenditure.

I would be grateful if you could let me know the latest position regarding the committee date and your recommendations.

Kind regards

Patrick Downes BSc (Hons) MRICS

Importance: High

Good morning Patrick

We need to submit the DMC report on BAE by the end of play today. I would be ever so grateful if you could respond to my policy comments by lunchtime today so that we can feed them into the DMC report. We will then be able to say with certainty that the application will not have a severe adverse impact on Cowplain District Centre.

Aaron is not in today so please can you send your response to Stephen Cantwell (cc'd on this email) and myself.

I am attaching the policy comments, which were sent out to you on Friday by Aaron.

Please do get back to me if you have any queries.

Thanks

Lucy
