Hi Stephen

At the moment there are technical problems with our website so I can't see any of the docs that go with this application for a variation to the s106. I'm assuming that they have submitted a viability appraisal but I haven't seen it so can't make any comments. Simon Corp contacted me some weeks ago to basically pre warn me that viability could be an issue but I haven't heard anything from him since.

If you have anything that you could forward on to me that I can look at that would be great.

Regards

Julie
