Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

I am writing in response to your enquiry and proposed sketches provided in the email dated 5th August 2014, with regards to a new porch extension to the north elevation of the building.
I am of the view that both options would provide suitably sympathetic additions to the building in terms of scale, proportion, materials and roof form. I believe that out of the two options, Option J which includes a built in entrance porch as opposed to a glass covered porch, would achieve a more high quality design which would enhance the visual impression of the front elevation. I have discussed the proposals with the Conservation Officer who has raised no objection in principle subject to the consideration of design detail at an application stage.
