Hi

Please add to Meridio and Web as Consultation Response Arboricultural Officer.

Thanks

David

David

In respect of the above arb condition I have the following comments:

No tree removal is required to facilitate this project. The supporting arboricultural evidence is comprehensive and provided that the methodology prescribed in this AMS & TPP report is strictly adhered to the Oak tree (T1 identified within the Alderwood report) will survive the development unscathed and continue to grow on safely and healthily in the future.

Therefore I conclude that the arboricultural condition is met and may be discharged.

Thanks
J
