Dear Mrs McMurray,

I am writing to confirm that we would like to remove the single storey extension from our planning application and therefore only proceed with the two storey element.

I can also confirm that the left corner of the two storey extension when viewed from the garden, that would have been attached to the single storey extension, will be built using the same materials and detailing as the opposite corner (right side) as shown on the current drawings.

If you have any questions please do not hesitate to contact me.

Yours sincerely

Paul Deadman
