Subject: HSL Ref 1429 re APP/14/00800 Land at Harts Farm Way

Dear Sir

Thank you for sending us planning application APP/14/00800

HSE is a statutory consultee on relevant developments within the consultation distance of a major hazard site or a major accident hazard pipeline. Planning authorities should use PADHI+, HSE's on-line software decision support tool, to consult HSE on such applications and produce a letter confirming HSE's advice.

PADHI+ should be used to consult HSE on any developments which meet any of the following criteria, and which lie within the consultation distance (CD) of a major hazard site or major hazard pipeline.

- residential accommodation;
- more than 250m² of retail floor space;
- more than 500m² of office floor space;
- more than 750m² of floor space to be used for an industrial process;
- or which is otherwise likely to result in a material increase in the number of persons working within or visiting the notified area.

HM Explosives Inspectorate should be consulted on any developments which meet the above criteria and which lie within the safeguarding zone of a licensed explosives site.

The Office for Nuclear Regulation should be consulted on developments within the vicinity of a licensed nuclear installation which meet any of the criteria listed at <http://www.hse.gov.uk/nuclear/land-use-planning.htm>

HSE's FOD Quarries Team should also be consulted if a development is proposed at a quarry, or within 1 kilometre of the agreed planning permission boundary of a quarry.

To help planning authorities to use PADHI+, a User Guide has been produced, which is available at <http://www.hse.gov.uk/landuseplanning/padhi/index.htm>. It provides information and advice on HSE's role in land use planning and how to use PADHI+, along with several video examples of planning applications being put through PADHI+, showing how it should be used to obtain HSE's advice in each case. If you need any assistance with using the PADHI+ please feel free to contact us onpadhisupport@hsl.gsi.gov.uk or telephone 01298218159.

There is also further information on HSE's land use planning and when to consult PADHI+ can be found here: www.hse.gov.uk/landuseplanning/padhi.pdf

Regards

John Cuthbert
