

This figure is a detailed Site Construction Management Plan (CMP) for Hayling Island. It shows a large residential development with numerous numbered building footprints. The plan includes several key features:

- Site Boundary:** A red line outlines the overall site boundary.
- Access Roads:** Yellow areas indicate access roads, with red arrows showing traffic flow.
- Construction Areas:** Various colored areas represent different construction zones:
 - Blue: Site compound and office with welfare unit.
 - Green: Storage areas.
 - Orange: Temporary car park and oasis office unit.
 - Pink: Temporary car park.
 - Purple: Groundworkers compound.
 - Light blue: Access road.
- Access Gates:** Red lines with arrows indicate 24m access gates.
- Wash Facility:** A blue square indicates a wheel wash facility with adjacent silt slimp.
- Overhead Cable:** A red line with dots indicates overhead cable for coal post cable protection.
- Legend:** A legend on the left side defines the symbols and colors used in the plan.
- North Arrow:** A north arrow is located in the bottom right corner, pointing towards the top right.
- Scale:** The scale is 1:500 AT A1.
- Sheet Information:** The sheet is labeled 'SHEET 1 of 1 - Drawing - 001 rev C'.
