6th February 2014

BEREWOOD PHASE 2, LONDON ROAD, WATEROOVILLE

Dear Mrs. Lee,

Thank you for your letter of the 14th January 2014 and the opportunity to comment upon the application. Having considered the application I have the following comments to make with reference to crime prevention.

The design and access statement states that bollard lighting is to be provided within courtyards and lanes. Bollard lighting is not an effective form of crime prevention lighting; the fittings being prone to damage and the light being easily obscured. Therefore I would recommend that lighting within courtyards and along lanes should be column lighting, especially if the amenity is expected to be used after dark.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,

S York
