**Subject:** The Planning Service - 6 Kings Road - Follow up

Hi Jenna – Following our telephone call yesterday in regard to the objection letters sent in, I have concerns regarding the letter from the occupier of 8 Kings Road, Emsworth (P. Gale).

Having read this document I remain confident that the plans submitted by The Planning Service are an accurate representation of both the existing and proposed design. Approval has been sought through a Full Planning Application, rather than under permitted development, and as such these submitted plans are respectful to the current property design features and fall within acceptable planning criteria in relation to the surroundings and neighbouring properties.

Changes to an existing property can produce an emotive response by residents in a local area and we always consider the impact on neighbouring properties in our approach to design, ensuring all relevant elements of planning code and conditions have been applied to the proposal in order to comply with Planning requirements and anticipate approval of an application.

If you have any questions or wish to discuss this further please do not hesitate to contact me,

Kind Regards, James Jay
