Subject: Wheelright's Arms APP/14/00102

Good afternoon.

Re: APP/14/00102

Wheelright's Arms. Havant.

Now that you have confirmed that the smoking area will be on the Northern elevation near the West facing boundary I should like to make an objection to this as it is at the end of part of my garden I am concerned about noise late at night from those outside using the area. This will be a busy restaurant open seven days a week.

We have suffered from noise from music in the past and do not want further disturbance from people outside smoking and talking loudly. Locating the smoking area there will bring noise from people talking loudly close to my home.

The smoking area should be at the front of the building where there are already tables.

The Bellair Club in Bellair Road, has one of these smoking areas and this already causes disturbance and light pollution near our homes at night.

Ann Buckley.
