

Application No. APP/13/00394

Address: Site of Former St John Ambulance HQ, Convent Ln, Emsworth

Comments

I note that a previous permission has been granted for a chalet bungalow on this site (APP/11/00080) and that the current proposal has been the subject of pre-application discussion (GEN/13/00063). The Heritage interest is the listed buildings to the south of the site 35-41 Havant Road, of which Forbury (No.41) with its stable block in the rear garden are the closest.

The new building is well contained and largely screened, hence I do not consider it will materially impact on the setting of the listed buildings. No objection.
