Re-4: frosted perspex

Jordan Kerr

onegerrone@talk21.com

Good Morning,

It is hard for us to say as we are just stockists of material and do not have the expertise to recommend a correct thickness. You would need to speak with a Structural Engineer who should be able to advise.

Regards,

Jordan Kerr

Hi,

Yes it would be fine if you had a thick enough sheet
 and fitting it into a
 some sort of frame etc.

Regards,

Jordan
 Kerr
