Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

1) 2 GLENEAGLES DRIVE

Oak in front garden - fell due to health and safety to general public, interfering with highway, excessive shading, low amenity value and close to proximity 1 Gleneagles Drive which has been subject to subsidence.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.
